Nationality : French.
Divorced, 2 kids.
Born July 5, 1960
Seafarer's number: 20048065

GOALS

Contribute to the development of pleasure boating, of marine tourism and of yachting.

Share and make discover the pleasures of sailing in the context of the rental of yachts with crew. Conveying of sailboats on any destinations. Preparation, site supervision, maintenance & refitt of yachts, assistance in setting in hand.

I also wish to acquire Luxury Yachting experiences on larges units to the post of second captain.

MARITIMES EXPERIENCES

Captain on yachts since 13 years, totaling 6 years of effective service, and more than 80,000 miles covered, on various types of sailboats and numerous navigation areas.

2016 : 2nd Captain on MY « Princess Safia 3 » : motor yacht Azimut 86S from June to September 2016.

2005-2015: Skipper for the preparation, refit & conveying of various sailboats. [Some examples:](#)

- «**Dinabar**» from **Dakar to Normandie** : trimaran 13x11m (plan Erik Lerouge, build in Dakar 2009)
- «**Guendar**» from **Messine to Dakar** : sloop acier 47' (plan Denis Ganley, build in New Zealand 1985)
- «**Outre-Tout**» from **Gambie to St-Martin** : Dufour 44' (builder Dufour Yachts 2004)
- «**Fleur de Sel**» from **Marseille to Gibraltar then Dakar - Conakry - Açores**: centerboarder OVNI 455.
- «**Vasyco**» from **Dakar to Rouen**: sloop type Hermes 10m (homebuilt 1985)
- «**Chaka**» from **Bahamas to Dakar** : Gibsea 41 ketch (plan Joubert 1977)
- «**Katsou**» from **Sao Tomé to Canaries**: centerboarder 55' (plan Lucas, build in Libreville Gabon)
- «**Jiminy Cricket**» from **Dakar to Sète**: catamaran Niominka 45' (plan Rivière, shipyard Tropic Composites)
- «**Gunivortus**» from **Dakar to Lisboa**: motor-sail Trowler 40' (plan Brouns, shipyard Tropic Composites)
- «**Teïva**» from **Dakar to la Réunion**: catamaran Looping 54' (plan Luscher, shipyard Tropic Composites)
- «**Arajada**» from **Dakar to Marin - Martinique**: cata Type11 38' wing mast (plan Le Rouge, shipyard ACV)
- «**Clochard Céleste**» from **Abidjan to Dakar**: monohull 42' (plan Fauroux, shipyard Tropic Composites).

2005 : Skipper on catamaran «Bagghera» (Privilège 47) in day Charter at Dakar (Club Méditerranée & private trips)

2004-2009 : Skipper and final preparation before sale in shipyards TROPIC COMPOSITES et ATELIERS DU CAP VERT in Dakar. **Team Leader** of the final preparation of many units, especially interconnection and configuration of dashboard instruments, onboard equipment tests, sea trials. Then after delivery, training and assistance in setting in hand to the owners.

2002-2015: Skipper-Owner of sailboat «Chaka» (Gibsea 41 Ketch) for long charter in West Africa: rental of boat with skipper from half day to several weeks of cruises in the areas Senegal, Gambia, Casamance, Bijagos islands and Cape Verde islands. (www.chakaboat.fr)

OTHERS EXPERIENCES

More than 15 years of software development experience in the areas of CAD/CAM and e-commerce.

2014-2015: Ongoing development of [ChakaBo'Ap](#) : weather routing website to download weather forecasts and calculate an optimal route for a sailboat, given its polar speed (based on GoogleMap, Html, CSS, JavaScript, PHP, SQL ...)

2012 : General Manager of the restaurant bar "La Perle Noire" in Dakar

2000-2002 : Technical Director at COMING, publisher of **e-business solutions**. **Management** of a team of 15 engineers and technicians in the creation, maintenance, and hosting of e-commerce portals (Java & EJB programming ...).

1989-2000 : Research & Development Engineer in the edition of CAD/CAM software:

- in DASSAULT-SYSTEM: Expert HMI in a new surface reconstruction application. Definition and implementation of the framework structure of the application, setting up data associativity and training developers in **CNEXT** environment of **CATIA V5**.
- in MATRA-DATAVISION: Expert HMI in **Open CasCade (C ++ components)**, I especially:
 - * finalized and maintained C ++ API of dialog components on **Unix** with **X11/Motif**,
 - * participated in the transfer of Cascade dialog components on **Windows NT** with **MFC**,
 - * set up automated component testing, and Cascade Driven Applications.
- chez CISIGRAPH : Initialement dans l'équipe de développement, sous **Unix** et en **FORTRAN**, des primitives graphiques 2D & 3D et de l'interface utilisateur graphique. J'ai ensuite acquis l'expertise nécessaire au portage des applications sous **X11/Motif** et conduit ce projet à terme pour le logiciel phare de la société : **STRIM100**.

1987-1989 : Development Engineer at NAVAUNE Technologies. Making documentaries archiving software under **DOS** (programming in **Pascal, C** and **Assembler**), I especially studied and developed:

- * A handler of multi windows applications: drop-down menus, task sequencer...
- * Graphics processing algorithms: image compression, recognition contours....
- * Interfacing hardware: scanners, printers, graphics cards, video capture cards, voice recognition and voice synthesis cards...

FORMATION

2016 : Master 200 GT Sailing Yacht & Yacht, unlimited: STCW 2015 certificate issued by DIRM Marseille.

2002 : Sailing Boat Skipper Certificate (Brevet Patron Plaisance Voile) : Issued by Affaires Maritimes at Le Havre.

1987 : Nuclear engineer ([Thermalhydraulics](#) & securities options). Degree from the National Institute of Nuclear Science and Technology (INSTN)

1985 : Master of Physical Sciences from the University of Aix-Marseille I, with additional options in computer.

MISCELLANEOUS

Many races notably on monohulls **Edel 660, Jod 35, Baltic 48...**

Languages : **French** native language, **English** common practice, Notions of Italian, Portuguese, Wolof.

Sports: skiing, climbing...

Private aircraft pilote (expired VFR licence).
